

Inside Sales Representative:

Semiconductor Circuits, Inc. is seeking an inside sales representative to assist in generating new business. The sales representative will make sales calls and handle incoming sales calls when necessary. Our ideal candidate not only is a competitive seller, but works well within a team atmosphere as well as individually.

Requirements are:

- 2+ years of previous sales experience
- Good PC Skills: Word, Excel
- Excellent verbal, and written communication and listening skills
- Detail oriented
- Self-starter, highly motivated
- Strong organizational skills
- Ability to sell technical products
